In the gripping conclusion to the action-packed â€œstandard bearerâ€• (Booklist) of zombie series, the threat of death is given new life.Benny Imura and his friends have found the jet and Sanctuaryâ€”but neither is what they expected. Instead of a refuge, Sanctuary is a hospice, and the soldiers who flew the plane seem to be little more than bureaucrats who have given up hope for civilizationâ€™s future. With Chong hovering between life and death, clinging to his humanity by a thread, Benny makes a startling discovery: A scientist may have discovered a cure for the zombie plague. Desperate to save Chong, Benny and his friends mount a search and rescue mission. But theyâ€™re not the only ones on the hunt. The reapers are after the cure too, and they want to use it turn all the zombies into superfast shock troopsâ€”and wipe humanity off the face of the earth. In this riveting conclusion to the Rot & Ruin series, the battle to end all battles is just beginning.
