

:At Wits End is a simple, straightforward, and easy-to-read summary about Alzheimers as a disease and condition, written without technical jargon or impractical detail. Many books delve into other areas of Alzheimers, emphasizing the financial, legal, and treatment needs of the afflicted. At Wits End is unique because it not only explains the psychiatric and psychological aspects of Alzheimers, but it also helps family members and caregivers discover a wealth of effective interventions. Kraus focuses on the whole person and his/her social, psychological, physical, and spiritual life. In this book, find out how Alzheimers can be distinguished from normal aging and other diseases that mimic its symptoms, including the wide array of associated behaviors. Also, find out what medical treatments are available, both traditional and alternative. At Wits End gives families and caregivers a new outlook on Alzheimers.

You Pray for Me, Ill Pray for You! (Read Together), Business Meltdown, The Relate Guide To Starting Again: Learning From the Past to Give You a Better Future (Relate Relationships), Witch Hunt, onnnawoteniirerusenryakumanyuaru: yokogakibann (Japanese Edition), Noam Chomsky,
