

Do you wish you could embrace pride for yourself and all that you've accomplished without feeling guilty or selfish? Would you like ways to empower yourself and lift yourself up on a daily basis? Celebrate who you are and all of your accomplishments and really nurture and support yourself with this hypnosis book from Erick Brown. This hypnosis book can be used in several ways. It is designed to be both a resource for professional and trainee hypnotherapists, as well as for people who want to create their own hypnosis recordings (for personal use only). It is an easy-to-use guide that can be tailored on a person-to-person basis. There are three main parts to the script: the induction, hypnosis pattern, and endings. We have included both "sleep" and "wake" endings for your convenience. The induction is a unique version of the standard "staircase induction" used by many professional hypnotherapists. The entire script is intended to be delivered in normal tone with normal breathing, making sure to honor the pause breaks for at least 15 seconds or longer. Why wait another to be proud of yourself and build your confidence? You are an amazing person, and today is the day you start celebrating your self-worth.
