

Far from being another short-lived buzzword, globalization refers to real changes. These changes have profound impacts on culture, economics, security, the environment—and hence on the fundamental challenges of governance. This book asks three fundamental questions: How are patterns of globalization currently evolving? How do these patterns affect governance? And how might globalism itself be governed? The first section maps the trajectory of globalization in several dimensions—economic, cultural, environmental, and political. For example, Graham Allison speculates about the impact on national and international security, and William C. Clark develops and evaluates the concepts of environmental globalization. The second section examines the impact of globalization on governance within individual nations (including China, struggling countries in the developing world, and the industrialized democracies) and includes Elaine Kamarck's assessment of global trends in public-sector reform. The third section discusses efforts to improvise new approaches to governance, including the role of non-governmental institutions, the global dimensions of information policy, and Dani Rodrik's speculation on global economic governance.

The Talking Harmonica: Harmonica As A Second Language: Fourth Edition, The Strong, Silent Type: Over 100 Screen Cowboys, 1903-1930, Television Critical Methods and Applications (Mass Communication), De la Creation de l'Ordre dans l'Humanite (French Edition), Puzzlebook: 100 Matchstick Puzzles (hands-on and interactive!), Les Mississipiens: (annotate) (French Edition),

This book offers some welcome analytic clarity on a notoriously slippery subject. The editors first try to define globalization precisely to determine its impact on. 10/22/ In this excerpt from Governance in a Globalizing World, a collection of views by prominent thinkers, Joseph S. Nye and Robert O. Keohane discuss.

Governance in a Globalizing World. The capacity of a governance system to act and the integrity of its actions are increasingly recognized as foundations to society's advancement and development. Globalization influences on governance, particularly its administrative side, are creating new needs and demands. Global governance and cosmopolitan citizens / Pippa Norris -- Ready or not: the developing world and globalization / Merilee S. Grindle. The second section examines the impact of globalization on governance within individual policy, and Dani Rodrik's speculation on global economic governance.

Introduction / Robert O. Keohane and Joseph S. Nye Jr. Part One, Trends in globalization. Globalization of the economy / Jeffrey Frankel; The impact of. Our paper explores the implications of globalization for sustainable consumption governance. It draws its central findings from a structured inquiry into the.
