

Madame Lilly, Voodoo Priestess: Soulless Soulless and vengeful proves a lethal combination for those who have wronged her. The time is 1890, the place, New Orleans, and Odara is lost to Madame Lilly, her soulless side and she has not finished what she started. Unleashing two great forces, Theolus and Hearon, with ferocious appetites against her common-law husband, Henry Nicholas, is just the beginning of the end for Lilly only she doesn't know it yet. For the spirits she raised took what was left of her humanity and left a piece of themselves within her; a piece that craves chaos. Needing to maintain control over them to do her bidding, Lilly must do what is required even if it means becoming more like them. Tortured, scorned and damned, Lilly has one mission in life: Retribution.
