

Life is either a daring adventure or nothing. ^ ...and although Miya Black wouldnt call her current life nothing, it certainly isnt anything close to an adventure. ^ Half a year has passed since Badger Petes attack, and life has returned to normal on Clover Island - rather TOO normal, at least as far as a certain Pirate Princess is concerned. There are no terrible monsters to vanquish, no great and obvious wrongs to right, just everyday problems with everyday solutions and a lot of cleaning up. To put it bluntly Miya is bored, and being grounded doesnt help at all. But dark clouds are gathering against the tiny kingdom, old enemies are stirring, and Miya may come to regret ever wishing for adventure...Freedom & Responsibility is the second volume in the Miya Black, Pirate Princess series.
