

Delectably Creepy. Gripping. Fascinating. Get Entangled in Onyx Webb: An Addictive New Paranormal Suspense Series Onyx Webb is a multi-genre mash-up that combines supernatural suspense, crime, horror, and a touch of romance. Finalist: National Indie Excellence Awards: Cross Genre. Onyx Webb is a ghost. Billionaire playboy Koda Mulvaney becomes obsessed with a girl he sees inside a mirror. Juniper Cole is on her way to the prom and... well, we don't want to spoil anything - we've probably told you too much already. How all these events are related is part of the mystery that is, Onyx Webb. The Onyx Webb series follows the unusual life of Onyx Webb along with a central group of characters in various locations and times. The billionaire Mulvaney family, piano prodigy Juniper Cole and her brother Quinn, paranormal show hosts Cryer and Fudge, and a few others make up the core of the series. Written like a book version of a supernatural soap opera (think: American Horror Story) each character's story moves forward with most every episode. It may appear that the characters are entirely unrelated and yet episode by episode, the connections will become clearer. Like being an inch away from a spider web, with each book, the web will move further and further away revealing the full story of every character and most importantly, the stunning conclusion for Onyx Webb herself.??? Interested in Knowing More? Rose says...This story had danger, intrigue, love, betrayal, and a graphic novel sensibility that appealed to me, personally, on every level. Honestly, I couldn't put it down, and my dismay at reaching the last page quickly turned to determination as I found my way to Amazon to download the second book. In conclusion, I can only say that as an author, I wish I'd written Onyx Webb, and give Richard Fenton and Andrea Waltz major kudos for a job extremely well done. - Rose Shababy, Author & Book Blogger??? Jeanette at HorrorMade.com says..... this book is stunningly well written. The characters quickly capture your attention and compassion, even when they're not the shiniest of souls. They are all complex and interesting people stepping unwittingly into the bigger picture this book is starting to weave. I also really enjoyed the poetic moments sprinkled into the story. Some of those moments, made me pause, reread, and just think on what they were sharing before continuing with the story. If you like season 1 of American Horror Story, then the twisted and macabre horror and historic elements that are blended into this story is going to be a literary feast for you.
