

THE ADVENTURES OF SHERLOCK HOLMES Vol.1: English & French IMPORTANT NOTE: The English text has been modernised and adapted, and has in large part been rewritten according to the French translation. **THIS EDITION:** Volume 1 of this bilingual edition of The Adventures of Sherlock Holmes contains three stories: “The Red-headed Association”™; “A Case of Identity”™; and “The Five Orange Pips”™. This volume includes an introductory section summarising the important aspects of French grammar. The digital edition also contains a translation skills test. The dual-language text has been arranged into small bilingual snippets for quick and easy cross-referencing. The content is ideal for assisting the intermediate language learner to transition to foreign language only content. Also, if the content is too difficult, there is other material put out by 2Language Books that can help. The book can be read in parallel text format (side by side), but can also be read only in English, or only in French. The eventual aim is to read with a comfortable level of understanding only in the foreign language. If you are a beginner, read the native language snippet first. If you are at an intermediate level, read the foreign language snippet first. The advanced level is like the beginners level, except you have to try and figure out the foreign language text, instead of having it provided. One way to do this is to cover the foreign text snippet. In the digital edition, you can take an intermediate or advanced level skills test. Many basic language books offer some form of audio support. Internet services “ primarily news based radio stations “ offer podcasts. Audio from television is an additional resource, and can be formatted for use on various digital platforms. However, if audio is an important component of your interest in languages, electronic devices that support quality text-to-speech (TTS) will likely be appealing. With a library card, TTS technology (in a device that supports the relevant content), and the above mentioned resources (as digital content), an entire language learning system is available for not much more than a cup of coffee! There is no substantial financial outlay to get you started. Furthermore, there are no additional ongoing fees (and updates), and there are no expiry dates on “premium”™ content and resources. (A Dual-Language Book Project) 2Language Books
