

An Atlantic Magazine Best Book of the Year A Publishers Weekly Best Book of the Year The Melrose Novels are a masterwork for the 21st century, written by one of the great prose stylists in England. (Alice Sebold, author of The Lovely Bones) For more than 20 years, acclaimed author Edward St. Aubyn has chronicled the life of Patrick Melrose, painting an extraordinary portrait of the beleaguered and self-loathing world of privilege. This single volume collects the first four novels Never Mind, Bad News, Some Hope, and Mothers Milk, a Man Booker finalist - to coincide with the publication of At Last, the final installment of this unique novel cycle. By turns harrowing and hilarious, these beautifully written novels dissect the English upper class as we follow Patrick Melroses story from child abuse to heroin addiction and recovery. Never Mind, the first novel, unfolds over a day and an evening at the familys chateaux in the south of France, where the sadistic and terrifying figure of David Melrose dominates the lives of his five-year-old son, Patrick, and his rich and unhappy American mother, Eleanor. From abuse to addiction, the second novel, Bad News, opens as the 22-year-old Patrick sets off to collect his fathers ashes from New York, where he will spend a drug-crazed 24 hours. And back in England, the third novel, Some Hope, offers a sober and clean Patrick the possibility of recovery. The fourth novel, the Booker-shortlisted Mothers Milk, returns to the family chateau, where Patrick, now married and a father himself, struggles with child rearing, adultery, his mothers desire for assisted suicide, and the loss of the family home to a New Age foundation. Edward St. Aubyn offers a window into a world of utter decadence, amorality, greed, snobbery, and cruelty - welcome to the declining British aristocracy.
